Dear Vincent

We have been working with Associated Rewinds Ireland Limited since 2010. Associated Rewinds is a company specializing in both AC & DC Traction Motors.

We have developed a very good relationship with the team in Associated Rewinds Ireland Ltd. I have experienced a very proactive team, who are always willing to help and who provide an excellent service both in terms of engineering excellence and on-time deliveries.

They provide a quality product at a competitive price. We have worked with AR throughout Europe and the level of service we have received in all of our markets is second to none in the Traction Motor business.

I have no hesitation in recommending Associated Rewinds to any company working with Traction Motors.

Yours sincerely
